

LESS KIT

Built from your own artwork — the script, the bubble and the bubble are your files, recut and recoloured, nothing here is designed in a substitute font.

Indigo

#00448E
Bubble, dark surfaces

Deep Blue

#003366
Gradient, logo

Steel Blue

#006699
Bubble

Slit Accent

#66CCFF
Right

Blue Grey-Blue

#5A63C7
Thinking, blue

Warm Grey

#888888
Second bubble line

01 - Full lockup

The primary, Website header, invoices, flyers, signage

FILES lefties-primary.png - white.png - black.png

02 - Horizontal

Wide, shallow spaces — van side, email signature, letterhead

FILES lefties-horizontal.png - white.png - black.png

03 - Stacked

Square and tall spaces — shirt front, cap, social posts

FILES lefties-stacked.png - white.png

04 - The parts on their own

The mark for icons, the script for headers and merch

The mark

White knockout

Colour black

The script

05 - Icons & profiles

Google, Facebook, phone home screen, browser tab

App icon
200px

App icon, ring
200px

Avatar, ring
1000px

Avatar, ring
1000px

Facebook
64 - 32 - 16

06 - Clear space & minimum size

Measured in bubble widths

CLEAR SPACE = 1x BUBBLE

Full poster minimum 40 mm (16 1/8") 180 px
screen. Tighter than that, switch to the
horizontal. Tighter again, the mark alone.

07 - Don't

Four ways to break it

Never stretch or squash

Never recolour the artwork

No drop shadows or bevels

Never the colour version on a mid-tone — use white

One thing left: vector

Everything in the kit is high-resolution PNG, cut from the PNGs you sent. That covers web, social, print and quotes. A signwriter doing a vehicle wrap or an embroiderer doing shirts will ask for true vector —
